Title

**ASSIGNMENT**

Assignment of Patents and Patent Applications by Polaroid Id Systems, Inc. f/k/a NBS Imaging Systems, Inc., having offices at 784 Memorial Drive, Cambridge, Massachusetts (hereinafter "Assignor") (official name change certification attached) and Polaroid Corporation having offices at 784 Memorial Drive, Cambridge, Massachusetts (hereinafter "Assignee").

WHEREAS, Assignor is the owner of all right, title and interest in and to certain patents and patent applications and which are listed on the attached Exhibit A, together with the inventions described therein.

NOW THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign and transfer to Assignee, its successors, assigns and legal representatives for the territory of the United States of America and throughout the world, the entire right, title and interest in and to the patents and patent applications listed on the attached Exhibit A, and the inventions described and claimed therein, as well as all continuations, divisions, and continuations-in part of said patents and patent applications, and all re-examinations, reissues and extensions of the term of any patent issuing on the patents listed in Exhibit A, and to all international priority rights relating thereto throughout the world, and all right to sue and recover for damages by reason of past infringement of such patents listed in Exhibit A, the same to be held and enjoyed by Assignee for its own use and benefit, and for the use and benefit of its successors, assigns, and legal representatives, to the end of the term or terms for which such patents listed in Exhibit A are or may be granted or reissued, as full and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor also assigns to Assignee, all right, title and interest in and to the inventions disclosed in Exhibit A for the territory of the United States of America and throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said inventions in Assignee's own name throughout the world including all rights to publish cautionary notices reserving ownership of said inventions and all rights to register said inventions in appropriate registries.

Assignor further agrees that it will, at any time upon request, execute and deliver any and all lawful papers that may be necessary or desirable to perfect the title to such patents and applications listed in Exhibit A, and the inventions described therein, to Assignee and its successors, assigns, and legal representatives.

IN WITNESS WHEREOF, the parties and their duly authorized representatives have cause the Assignment of Patents and Application, to be executed on the date and in the capacities shown below.
